

P7 Home Learning and Targets – Term 2 – Remembrance, RSHP & Fairtrade

Please read and discuss this information with your child. We will refer to these targets in our weekly reviews and will include examples of work that demonstrates our learning in the Learning Journey section of our OneNote class notebook.

The key learning targets for the children this term will be to:

Our key learning targets for literacy are:

- Take notes as I research and use these to create my own texts.
- Write an imagined report using appropriate structure, vocabulary and connectives to link ideas.
- Develop (higher order) reading skills through taking part in guided whole class reading.
- Converse in French, building vocabulary about where we live and around the house.

Our key learning targets for numeracy are:

- Use a range of methods to solve problems involving whole and decimal numbers by determining which calculations are required.
- Further develop our understanding of 2D and 3D shape, to describe and compare the properties of given shapes including circles.
- Apply my knowledge of volume to real life situations.

Our key learning targets in the wider curriculum are:

- Explore why people and events in World War 1 are important and how we remember those and others affected by war.
- To develop an understanding of the Earth's position within the universe and explore the properties of planets within our solar system.
- Learn about ethical trading and be able to discuss the pros and cons of Fairtrade products.
- Learn about human sexuality and the changes to my body that will occur during puberty.
- To think logically and consider 'flow' as part of computer programming using Swift Playgrounds.

Expected home learning for this term.

- P6/71 – Regularly read a book of their own choice at home and be ready to talk about it in school. (Miss Innes can lend you a book if you need!)
- Revise the times tables; do a little bit of this EVERY DAY!

Suggested home learning activities to support your child this term...

- Continue to read, watch or listen to the news and current events in the UK and beyond.
- Notice poppies in the media and in the environment and try to watch some of the televised Remembrance Sunday events.
- Be aware of Fairtrade items at home or in the shops. There may be more than you think, check labels and displays.
- Look for 3D shapes in the environment and notice when they are used and what properties they have.
- Some room for your own ideas... we can share them with the rest of the class. What can you do at home to help your learning?

P6 Home Learning and Targets – Term 2 – Land to Life, RSHP & Fairtrade

Please read and discuss this information with your child. We will refer to these targets in our weekly reviews and will include examples of work that demonstrates our learning in the Learning Journey section of our OneNote class notebook.

The key learning targets for the children this term will be to:

Our key learning targets for literacy are:

- Take notes as I research and use these to create my own texts.
- Write an imagined report using appropriate structure, vocabulary and connectives to link ideas.
- Develop (higher order) reading skills through taking part in guided whole class reading.
- Converse in French, building vocabulary about where we live and around the house.

Our key learning targets for numeracy are:

- Use a range of methods to solve problems involving whole and decimal numbers by determining which calculations are required.
- Further develop our understanding of 2D and 3D shape, such as quadrilaterals and triangles.
- Find the volumes of cuboids, using the appropriate formula.

Our key learning targets in the wider curriculum are:

- Learn about how new communities are created, from the process of land acquisition to sales and marketing.
- To develop an understanding of the Earth's position within the universe and explore the properties of planets within our solar system.
- Learn about ethical trading and be able to discuss the pros and cons of Fairtrade products.
- Learn about how human life begins and being a parent/carer.
- To think logically and consider 'flow' as part of computer programming using Swift Playgrounds.

Expected home learning for this term.

- P6/7/1 – Regularly read a book of their own choice at home and be ready to talk about it in school. (Miss Innes can lend you a book if you need!)
- Revise the times tables; do a little bit of this EVERY DAY!

Suggested home learning activities to support your child this term...

- Continue to read, watch or listen to the news and current events in the UK and beyond.
- Look at how the land is being used in your local environment, how would you plan to use it?
- Be aware of Fairtrade items at home or in the shops. There may be more than you think, check labels and displays.
- Look for 3D shapes in the environment and notice when they are used and what properties they have.
- Some room for your own ideas... we can share them with the rest of the class. What can you do at home to help your learning?
